

Logan Martin Lake Protection Association  
Executive Board Meeting  
September 16, 1996

Attendance.

Don Greer, Isabella Trussell, Lynn Batemon, Bill Gossett, Tommy Bowers.

Notes.

Need to check on costs of printing the newsletter. Ms. Davis will handle the newsletter.

Alabama Waterwatch Association Meeting. Don Greer reported case of negative findings which were handled by direct liaison with individuals instead of involving ADEM.

ADEM 5 year clean water strategy will involve testing at 4 sites; two on Kelly Creek and Buckeye (sic?). First time testing.

Isabella reported that Crappie will be tested in the Spring, but not Bream.

Don Greer and Isabella Trussell attended the Gulf Shores Meeting (see 8/23/96 Notes).

Water Wars.

Studies are progressing; 10 Federal. 15 State.

Various local boards and agencies also involved.

Illegal garbage dumping big problem.

Isabella on Email with some groups.

Funding through Geological Survey as cooperative program.

Tommy Bowers concerned about Monsanto and some dredging. Isabella understood it was for flood control. The class action suit will involve all property owners if individuals did not specifically exclude themselves. Ask attorneys Dwight Blair and Bill Trussell for noteworthy information.

Board approved payment for one night's expenses to each attendee at Gulf Shores meeting.
